

DANNY CECATTINI

SOFTWARE DEVELOPER

0409 203 894 | [Email](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Lover of all things engineering, complex problem solving, building and just plain old tinkering. If I'm not coding then I'm either attending meetups to perfect my craft, researching new tech and its best practices, learning horology and repairing mechanical timepieces, building arduino hardware, Raspberry Pi's, bashing Linux commands, learning to weld or staying up to date with the phenomenal engineering feats of Formula 1.

SKILL SET

Front End

- HTML | CSS | JavaScript
- AJAX | Axios
- React.js | Vue.js
- jQuery | underscore
- Bootstrap | SCSS
- Gatsby

Back End

- Ruby on Rails | Node.js
- PostgreSQL | MongoDB
- Sinatra

Other

- GitHub
- RSpec
- Meteor | Gatsby | Sinatra
- Test-Driven-Development
- Basic Python
- C for Arduino
- Linux OS and CLI
- Agile Development Methodologies
- Experience in construction project management

EDUCATION

General Assembly, Sydney - Web Development *Immersive*

DEC 2018 - MAR 2019

Macquarie University, Sydney - Master of International *Relations*

JAN 2013 - JUN 2014

- Graduated with a GPA of 4/4 and with honours
- Awarded the *Vice Chancellor's Award of Academic Excellence*

INTERESTS

- Open-Source | Arduino | Raspberry Pi | Linux
- Horology | Mechanical watchmaking/repairs
- Welding | Engineering | Machine Turning
- Film
- Camping | Off-road | Trekking
- Gastronomy | Wine/Spirit Making | Meat Curing
- F1
- Reading | Computer Science Fundamentals | Sociology and Economics

EXPERIENCE

General Assembly, Sydney - Software Developer

DEC 2018 - MAR 2019

PROJECT3: CampMapp

- Hikers and Campers can locate and add campsites and all other relevant campsite information
- **Tech Used:** React | React-Spring | Rails | Axios | PostgreSQL

PROJECT2: Orcastra

- An online version of Cards Against Humanity
- **Tech Used:** React | Bootstrap | Rails | Axios | PostgreSQL

PROJECT1: ThinkrDatabase

- A database connecting and associating historical thinkers and theoretical contributions
- **Tech Used:** Bootstrap | Ruby on Rails | PostgreSQL

PROJECT0: Tic-Tac-Toe

- A simple tic-tac-toe game
- **Tech Used:** HTML | CSS | Materialize | JavaScript | jQuery.js

DEME Industrial, Sydney - Project Manager

JAN 2018 - NOV 2018

- Responsible for pricing and general coordination of industrial constructions and structural engineering projects

HL-Luxicon, Sydney - Operations Manager

AUG 2017 - DEC 2017
